MANALOTO, XAVIER JOSEPH
SOFTWARE ENGINEER | WEB DEVELOPER

Subic, Zambales, Philippines
xjmanaloto.05@gmail.com
+63 977 105 3480

With two years of experience under my belt as a software engineer, I possess a robust skillset in web development, particularly in building high-performance, dynamic applications using Next.js. Throughout my career, I've cultivated a deep understanding of the Next.js framework, including its server-side rendering, data fetching, and routing capabilities. This foundation has enabled me to consistently deliver performant, web applications that consistently surpass client expectation

---
